

The BibleWorks Greek Keyboard Map (BWGRKL)

Revised Feb. 2, 2005

Note: The vowels “a” and “A” shown with Greek accents are not printed by typing that key but are shown to illustrate accent positions for any Greek vowel (α, ε, η, ι, ο, υ, ω).

- For accents or breathing marks on lower-case vowels (e.g., α), put the cursor to the right of the vowel, then type the key for the accent or breathing mark (e.g., rough breathing mark keys are ` or ~ and produce á or ‘A).
- For capital letters, position the cursor to the LEFT of the vowel (e.g., the result is ‘A)
